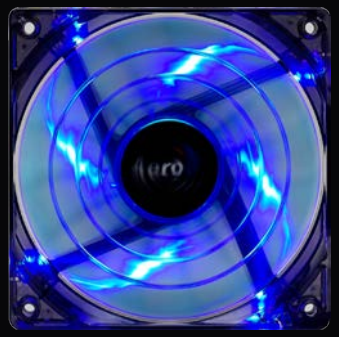
Be cool! Be Aerocool!

SHARK 14CM.

FAN BLUE EDITION



The famous Shark fans by Aerocool expands its size to 14cm to cover all modders and gamers user needs. With 15 Shark blades, new generation FDB bearing and its dual power/silent operation gives the best cooling performance while its spectacular LED lighting adorn any computer where they are installed. Blue Model with LEDS.

- Unique and Stylish “Shark Fin” Fan Blade design.
- 15 fan blades generates High Air Pressure and Air Flow - the most fan blades in the world !!!!
- Innovative Fluid Dynamic Bearing delivers longer life span, higher precision rotation and anti-shock function.
- Duo Mode Operation - The Shark fan operates in both “Power” mode (12V) and “Silence” mode (7V - with adaptation of Voltage reduction cable).
- All cables are “black” sleeved.
- Accessories include a Voltage Reduction cable, a 3 to 4 pin converter cable,4 units of Anti-vibration Rubber Screws and 4 units of standard screws.

Standard Connection (Power Mode)		Connect with Voltage Reduction Cable (Silence Mode)	
Dimensions	140x140x25mm	Dimensions	140x140x25mm
Rated Voltage	12V	Rated Voltage	(To Fan) 7V
Starting Voltage	<=6.0V	Starting Voltage	<=6.0V
Power Consumption	4.32W	Power Consumption	1.8W
Rated Current	0.36A	Rated Current	0.15A
Speed	1500 RPM +-10%	Speed	800RPM +-10%
Air Flow	96.5 CFM	Air Flow	50CFM
Air Pressure	1.069 mm-H2O	Air Pressure	0.305 mm-H2O
Noise	29.6dBA	Noise	14.5 dBA
MTBF	100.000 hours	MTBF	100.000 hours
